

Appendix B

Voting Systems Currently in Use in Virginia

PAPER BALLOTS

MECHANICAL LEVER MACHINES (these three types of lever machines do not have printers; all other machines, of all types, have printers)

AVM-NP = Automatic Voting Machine, (mechanical) non-printer, non-removable selectors.

IES = International Elections Systems Shoup, (mechanical) non-printer.

RFS = R.F. Shoup, (mechanical) non-printer.

MECHANICAL LEVER MACHINES (with printer)

AVM-RS = Automatic Voting Machine, (mechanical) printer, removable selectors.

AVM-NS = Automatic Voting Machine, (mechanical) printer, non-removable selectors.

DIRECT RECORDING ELECTRONIC (DRE)

AVC = Sequoia Pacific AVC Advantage, (direct recording electronic, DRE).

1242 = R.F. Shoup Shouptronic 1242, (direct recording electronic, DRE).

MARKSENSE TABULATOR

ACCU-VOTE = Global Election Systems, (marksense tabulator).

OPTECH IIIPE = BRC Election Services Division, (marksense tabulator).

PUNCHCARD TABULATOR

PBC-3 = BRC Election Services Division, (punch card tabulator with ballot bag).

PBC-IIID = BRC Election Services Division, (punch card tabulator without ballot bag).

Appendix C

INSTRUCTIONS FOR RECOUNT OFFICIALS AND COORDINATORS

As previously issued by the State Board of Elections (with last date updated)

- All instructions are for single-seat offices unless indicated -

For precincts using Paper Ballots Only

PB-I Paper Ballots Only: Instructions for Recount Officials (11/95)
PB-II Paper Ballots Only: Instructions for Recount Coordinators (11/94)

For precincts using Paper Ballots Only (multi-seat offices)

PB-I (MS) Paper Ballots Only: Instructions for Recount Officials (6/90)
PB-II (MS) Paper Ballots Only: Instructions for Recount Coordinators (6/90)

For precincts using Mechanical Lever Machines Without Printers, and also Paper Ballots

A-I Mechanical Lever Machines without Printers: Instructions for Recount
 Officials (5/98)
A-II Mechanical Lever Machines without Printers: Instructions for Recount
 Coordinators (5/98)
B-I Paper Ballots: Instructions for Recount Officials (5/98)
B-II Paper Ballots: Instructions for Recount Coordinators (5/98)

For precincts using Mechanical Lever Machines With Printers, and also Paper Ballots

MP-I Instructions for Recount Officials (11/95)
MP-II Instructions for Recount Coordinators (12/91)

For precincts using Mechanical Lever Machines With Printers, and also Paper Ballots (multi-seat offices)

MP-I (MS) Instructions for Recount Officials (6/90)
MP-II (MS) Instructions for Recount Coordinators (6/90)

For precincts using Mechanical Lever Machines With Printers, and also Paper Ballots (recounts in which one of the candidates is a write-in candidate)

MP-I-WI Instructions for Recount Officials (11/91)
MP-II-WI Instructions for Recount Coordinators (11/91)

For precincts using Direct Recording Electronic Voting Machines (DRE) and also Paper Ballots

DE-I Instructions for Recount Officials (12/99)
DE-II Instructions for Recount Coordinators (12/99)

For precincts using ACCU-VOTE Marksense Ballot Tabulators

MS-I ACCU-VOTE Instructions for Recount Officials (7/99)
MS-II Instructions for Recount Coordinators (7/97)

For precincts using OPTECH Marksense Ballot Tabulators

MS-I OPTECH Instructions for Recount Officials (7/99)

MS-II Instructions for Recount Coordinators (7/97)

(Note: MS-II is used with both ACCU-VOTE and OPTECH)

For precincts using PBC-3 Punchcard Tabulators

PC-I Instructions for Recount Officials (12/97)

PC-II Instructions for Recount Coordinators (12/97)

For precincts using PBC-IIID Punchcard Tabulators

PC-I (D) Instructions for Recount Officials (12/97)

PC-II Instructions for Recount Coordinators (12/97)

(Note: PC-II is used with both PBC-3 and PBC-IIID)
